## **SELF STUDY REPORT (SSR)**

### **H.P.S.COLLEGE, MADHEPUR, MADHUBANI (BIHAR)**

#### ***PREFACE***

Harshapati Singh College, Madhepur located in an extremely interior and rural area of Madhubani district, is a constituent unit of L.N.Mithila University Darbhanga and duly registered with the U.G.C New Delhi. The college assessed and accredited by NAAC in the year 2006 and graded “C”.

The place where the college is situated is the most undeveloped area of Bihar affected by the flood of devastating rivers like Koshi, Kamala-Balan, Gehunwa, Supain and others. More than 90 % of this area depends on agriculture. Agriculture is the main source of people’s livelihood. More than 55% people of this area is living below the poverty line. The literacy rate of this region is far below the average literacy rate of Bihar. The long cherished dream of education found expression in the establishment of a High School at Madhepur in the year 1914 and after that a chain of High Schools was established in this Koshi affected region. The High School of Madhepur primarily known as ‘Coronation High School became the central place of secondary education; it was later christened as ‘Jawahar High School’. Seeing the needs and importance of higher education people were looking forward for having a college in this vast area. The first effort was made in the year 1961 to open a college at Madhepur but failed due to paucity of funds. The existing college is the consequence of that beginning. Learned persons of the locality continued their efforts for providing higher education to the deprived classes who could not meet the expenses of the costly higher education and boarding at distant places.

It was felt that the higher education rate among the deprived classes including the girl students was far less than the places having a college. They also felt that due to the costly modern higher education at topographical hazards, it was not possible for people of this economically backward region. Even the able persons of the society did not allow their daughters to go out for higher education due to their traditional outlook. As it would have

been about 80% students of this locality were deprived from higher education, hence, they decided to establish a college at Madhepur. Keeping in view of these instances a meeting of learned persons was organized by the elder persons of the locality on 30th November 1971. They discussed the possibility and utility of having a college at Madhepur the central place of Koshi affected area.

A young educationist present in the meeting coming from the Khandwala Dynasty immediately agreed for giving essential financial help for opening a college at Madhepur. The meeting concluded with a noble hope and mission. The meeting decided for establishing a college at Madhepur, the aims and objectives of the college is to provide higher education facilities to the educationally deprived people of this region and also decided to promote higher education among the girl students. Again in that meeting it was also resolved that name of the proposed college would be “Harshapati Singh Mahavidyalaya” in the name of donor’s father. A steering committee was formed for calling a public meeting which was held on 19<sup>th</sup> December 1971 in the field of local Jawahar High School. In that meeting the precious decision to open a college at Madhepur was unanimously passed and the steering committee got the status of the Adhoc Committee of the proposed college, later on the university agreed with the proceeding.

The young educationist, who felt the necessity of the society of having a college at Madhepur, was also an honorable member of that very ‘Khandwala Dynasty’ which have much contribution in the field of education. He maintained that tradition of dynasty and devoted himself for the purpose. The dream of opening a college at Madhepur was seen in 1961 when he was a young man of only seventeen years old. He fulfilled a long awaited desire of the higher education by establishing a college named ‘H.P.S.College, Madhepur’ in the name of his father in this backward Koshi affected region. Since then, the college has developed on and on and later on it was made a constituent unit of L.N.Mithila University, Darbhanga on 23<sup>rd</sup> November 1980 and it has duly secured U.G.C registration.

The increasing number of students’ specially increasing percentage of SC/ST/OBC/Minority and the girl students are the sufficient evidence of its achievements for which the college was established.

People of this locality have a great fascination for this college not because of its anything but because of good academic environment and other facilities, the college provides. Even the girls feel safe in coming and going to the college due to the sense of respect in the hearts of the people. This sense of safety among the girls creates good environment in favour of college. In spite of all this the college has great advantage of its “Dan Koshes” i.e Donations given by the local people. This gave boom to this college for its development in the form of three complexes constructed by donors. With all its infrastructures, the college is running smoothly and successfully. It has celebrated its Silver Jubilee in 1998. Out of seven sponsored programmes, the college distributed 52 prizes among the students. The prizes are-

- 1- Dharmand Singh Smarak Kosh.
- 2- Mobarak Prize.
- 3- Sone-Shiv Cultural Prize.
- 4- Saraswati Nandan Singh Social Service Prize.
- 5- Bachche Lal Jha Cricket and Vishay Vastu Bodh Purashkar.
- 6- Banshipati Singh Pratibha Purashkar.
- 7- Dharmanand Maithili Shodhpeeth.

It is noted that the colleges of this university have come under conversion in four phases but this college got its conversion in the third phase. In all those colleges this college has a unique feature of its own. Even the library has got its books in bulk by its donors, the college is maintaining and keeping those books in proper manner. Late Pt. Radhanandan Jha, the former speaker of Bihar Legislative Assembly has donated his entire books to this college. Other two donors of books to the library are Dr. Sita Nath Jha, Rtd HOD Economics, Jagdam College, Chapra and Dr. Manreshwar Jha, IAS. The books donated by them are beneficial to our advance learners and research scholars. The founder of this college, late Prof. Dharmand Singh has donated interms of cash and books for the development of Maithili literature; this encouraged the college to start “Dharmand Maithili Shodh Peeth”. This is a rare effort among the entire colleges of L.N.Mithila University.

After the establishment of the college it has been developing gradually in the fields of

---

teaching learning, infrastructural expansion and other fields as well; those have enhanced the all round educational development of the college. The last NAAC accorded the institution “C” grade. Inspired by this, the institution has been putting its best for the second time accreditation now.

## Writing Self Study Report

It was impossible to complete this self study report without the whole- hearted support and co-operation of entire H.P.S. College family. At first I wish to thank our head of the institution, Prof. Satya Narayan Jha., Principal of our College who entrusted me to prepare this self study report (SSR). I am indebted to him for constant support and encouragement during the preparation of SSR. I also wish to extend my thanks to the Prof. Bhairweshwar Jha., and the members of IQAC who extended all support to our team. The preparation of SSR is not a single man's effort, rather a team effort. I am grateful to two hard working faculty members of our team Dr. Bishwanath Raut Physics and Prof. Umar Farooque, Department of English and who were with me at my side during the preparation of the report. Thanks are also due to Dr. Shubhkant Choudhary., Department of Hindi; Dr. Madan Jha, Department of Botany; Dr. Deo Kant Mishra, Department of Maithili; Prof. Bhim Nath Jha Department of History, Prof. Jivendra Mishra, Dept. of Sociology and Dr. Umesh Kumar Chaudhary, Dept. of Philosophy, Mr. Fazle Rub and Mr. Bhupendra Jha, who worked hard to procure the inputs from various offices and departments of the college.

Here, it is noteworthy to mention the name of Prof. Bhairweshwar Jha, Head of the department of English who in spite of his busy schedule bailed me out in preparing the executive summary of the report, I am grateful to him. Last but not the least I wish thank the members of office staff of the Principal Mr. Siddhi Nath Jha and Mr. Dinesh Pathak, and Mr. Durganand Jha for their inputs for part-I of the present report. I also wish to record my heartfelt thanks to all those who directly or indirectly supported / helped me in preparing the self study report (SSR).

I am very much keen to meet the Peer Team of NAAC during their forthcoming visit to our institution. Such occasion and interaction provides all of us; the management, faculty members, supporting staff, students and other stake holders to enrich our selves with their comments and suggestions.

We are eagerly looking forward to welcome the Peer Team and hope they will applaud us for our efforts.

With thanks and greetings

*Dr. Madneshwar Jha*

Co-ordinator, Steering Committee, Self Study Report

*The developmental aspects of the college may be analyzed under the following criterions.*

## **SECTION A. SUMMARY**

### **CRITERION I: CURRICULAR ASPECTS**

H.P.S.College Madhepur offers +2 and three year degree courses in Science, Arts and Commerce. The syllabi of +2 is prescribed by Bihar School Examination Board (Senior Secondary) Patna. Courses of studies for three year degree programme are settled by the L.N.Mithila University, Darbhanga. Students in degree classes can offer one subject for their honours course and they have to offer two more subjects as subsidiary courses. They have to take RBH. as upper standard Hindi and NHn. as lower standard. The graduation programme is divided into three parts. Two papers each they have to study in Part-I and Part-II and in Part –III they have to study four papers and one compulsory paper as General Studies. The goals and courses are made known to students and stakeholders through college website, prospectus etc. The principal and departmental council monitor the progress in a regular way. The institution organizes seminars and other programmes through donor's sponsored schemes to make student abreast with their courses and allied courses. Three new courses namely- Geography, Home Science and Commerce have been started to satisfy the demands of students and people. The college N.S.S.unit telescope together students with national zeal and the society at large.

### **CRITERION II: TEACHING-LEARNING AND EVALUATION**

H.P.S.College Madhepur admits students into various courses of Arts , Science and Commerce and abides by the reservation policy of the Govt. of Bihar. The college pursues academic calendar prepared and circulated by L.N.Mithila University, Darbhanga. Class routine is prepared by the Prof. in charge and classes are distributed among teachers by the heads of different departments. Regular internal tests are conducted by teachers in every department in order to assess the progress of students. Weak students are given opportunity for special tutorials by the teachers in every department.

The institution has eleven permanent teachers including the principal in charge. Six teachers

have doctoral degree to their credit and almost all the teachers keep on writing articles of fair quality. Teaching work (both theoretical and practical classes) entirely managed by the permanent teachers. The regular lecture method still continues to be the most favoured mode of teaching. Keeping in view the recommendation of Peer Team 2006, most of the departments have been provided with computer and internet, Wi.Fi and other facility. We are in the way for the provision of Language Lab. Seminars and conferences often take place to motivate the students as well as the teachers. It should be noted that the college is running with a group of only eleven teachers as against the sanctioned strength of 29. It is with less than 38% of the faculty strength that the affairs of the college are being managed for the last so many years. Needless to say that workloads on faculty members has increased many folds and it often becomes difficult to introduce more creative programmes in college. The ability and commitment of faculty members and the staff has brought tangible enhancement in the number of learners over the years.

A separate wing of Dharmanand Shodh Peeth is established in the college to facilitate researchers in the field of Maithili literature. Under its auspicious two books have been published recently namely-‘Geet Malika’, and edited work of “Early Modern Time and Ek Pheriwala ke Mrityu” is a Maithili translation of Arthur Miller’s ‘Death of a Salesman”. Two other manuscripts are in pipeline.

### **CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION**

The institution has six teachers with the doctoral degree and three of them are guiding research work. In as much as consultancy service is concerned the college runs coaching programmes for Entry in Service meant to facilitate the privileged classes (SC/ST/OBC/Minority) for getting into services like SSC, Banking services, Railway etc. Besides there is a career counseling course which enlightens the students on the relevance and ramification of courses in traditional disciplines. This cell circulates the downloaded information on job opportunity, scholarship etc to the students of all three faculties through the heads of different departments. The faculty member of this college also works for a number of extension activities. Such activities are mainly conducted by the one unit of N.S.S working in this college. Every year the N.S.S. unit conducts programmes on issues of

high social relevance eg. rural sanitation, aids awareness, plantation etc. The prof. in charge of N.S.S. happens to be the ex officio co-ordinator of the Red Ribbon Club. The college department of Sports and Culture conducts athletics, indoor games and various cultural activities. Through various donor's sponsored programmes the institution conducts debate, Quiz competition, G.K., Correct writing, extempore lecture, Essay competition etc.

#### **CRITERION IV: INFRASTRUCTURE AND LEARNING RESOURCES**

H.P.S.College Madhepur is situated on a consolidated piece of 21.84 sq.m. in the rural area of Madhubani district. As of now the three faculties and the administrative block run in the same building. Central library equipped with all the modern equipment , girl's hostel, Harijan Hostel, common rooms, cycle shed and girl's common room have their independent building. This college provides computer, internet with Wi.Fi, Fax and Zerox facility to almost all the departments. Portable audio visual unit, projector and wireless amplification unit are available in the college. Students can avail the facility of zerox in the campus at a nominal fee. The college library which works from 10 AM to 4 P.M, has a independent computer attached with internet facility with wi.fi. Faculty members, students and staff can avail themselves of this facility during working hours. Since Madhepur suffers from perennial shortage of electricity, the college provides stand by (high power generator) system for smooth operation of works. The faculty members, the students and staff can get cool and filtered drinking water during working hour. There is a provision of canteen and health centre within the campus.

#### **CRITERION V: STUDENT SUPPORT AND PROGRESSION**

The institution publishes its updated prospectus annually and ensures its commitment, accountability through this. The financial aids received from different agencies has been disbursed and made available to the students on due time. Through the remedial courses, entry in service scheme, career and counseling cell, free studentship for students from SC/ST/OBC/Minority and economically weaker section of the society, student gets support. Physically handicapped boys and girls get reservation in admission, free studentship and relaxation in books. The institution provides medical assistance to students. Slow learners

get special attention from departmental teachers. Students take part in different donor sponsored and athletic programmes. In the co-educational atmosphere the number of new entrance is rising immensely and there is no gender disturbance in the campus. The alumni association shares our responsibility.

## **CRITERION VI: GOVERNANCE, LEADERSHIP AND MANAGEMENT**

H.P.S.College Madhepur is a constituent unit of L.N.Mithila University Darbhanga since 23<sup>rd</sup> November 1980. The management of the college thus rests with the university. The principal handles all issues regarding the offices, students, departments, the teachers within the prescribed guidelines of the university. There is a staff council where the principal explains the policies to be followed in general. This council also works as a forum from where the principal often addresses the members of teaching as well as non-teaching staff to motivate them for better and still better performance. In order to decentralize and animate the system the principal constitutes different committees consisting of senior teachers. These committees deliberate on concern issues and advise the principal on appropriate mode of decision for the conduct of business in the college. The principal being the chairperson of all such committees works to put the resolution taken by the committees to practice. Some of the committees are-

1. Admission Committee
2. Purchase Committee
3. Committee for maintenance of discipline
4. Sports Committee
5. Estate committee
6. Library Committee
7. Women Empowerment Cell
8. Advisory Committee
9. Grievance Redressal Cell
10. Monitoring Cell

The principal decentralizes operational autonomy by forming different committees. The principal bursar and the university representative effectively monitor the available financial

resources. The university audit team and the chartered accountant nominated by the institution do the external audit. IQAC was set up in September'2012 and most of the recommendation made by it has been implemented and yet other proposal are in the pipeline.

### **CRITERIA VII: INNOVATIONS AND BEST PRACTICES**

The institution conducts a green audit of its campus and facility. Solar power units have been installed. A separate pond has been constructed for water harvesting. Plantation of trees is done by the N.S.S. unit. Some innovations like computerization of departments, development of college website, digitalization of college central library, making an eco-friendly green campus and internet with wi.fi facility have brought about a sea change in the smooth functioning of the institution.

## **Format for Presentation of Practice**

### **Title of the Practice**

#### **STEPS TOWARDS PERFECTION**

#### **Self Study Report**

H.P.S.College, Madhepur, Madhubani (Bihar)

#### **1. Goal**

- The aim and practice of this institution has been to spread quality education among all section of society sans gender or class discrimination. Keeping in view the limitation of our resources and the compulsion of the backwardness of the area we impart education up to undergraduate level alone. We try our best to mould boys and girls morally and educationally sound. Keeping pace with the marching time and the needs of the hour the institution imparts education to design the disciple into diligent and responsible citizen able to avail themselves of satisfactory jobs in the competitive market of present day world.

#### **2. The Context**

- The institution has a co-education system up to undergraduate level in this economically backward but politically conscious area. The share of girl student is almost is 50%. In spite of that we have never faced any disturbance as against the prevailing uneasy atmosphere in other campuses.

#### **3. The Practice**

- The institution has laid out its master plan for all round development. Nearly 60% of our target and bench mark is completed. We have extended our interaction with the neighboring society in sphere of literacy, health and hygiene, eradication of untouchability through N.S.S.unit. To make the campus eco-friendly we have planted trees in and outside the campus. Keeping abreast the vision of election commission and the willing participation of politically conscious people we have made new entries in voter list from among students. For this special campaign was made among students and there is a satisfactory response. With

rising number of students we don't have sufficient class rooms and auditorium. The proposed land requisition for the development of the campus is in old store due to the lack of sufficient fund. There is a dire dearth of teachers and non-teaching staffs as against the sanctioned posts and recently started new courses. This adversely affects the teaching learning process.

#### **4. Evidence of Success**

- Tree plantation in and around campus has earned goodwill of people.
- Through participation in general classes and career oriented courses students have sought jobs through competition and self endeavour.
- Literacy awareness programmes have promoted people' response immensely.
- We have commendable result average and greater number of attendance in classes.
- These measures have accorded prestige to the institution in every walk of life.

#### **5. Problems Encountered and Resources Required**

Following are the problems encountered-

- 1- Acquisition of proposed campus land.
- 2- Construction of spacious class rooms.
- 3- Enhancement of playground area.
- 4- The construction of compound wall.
- 5- The construction of staff & principal quarter.

Apart from this separate Science and Commerce block, separate construction of administrative building, boy's and girl's common room, centre of ICT are required.

- The institution has submitted a master plan to this effect to the state government and U.G.C.

#### **6. Notes (Optional)**

- As already pointed out the institution has constraint in its way due to undeveloped area, not yet sufficient infrastructure, dearth of teaching and non-teaching staff, lack of technical staff due to the apathy of state government. We are of the view that if sufficient posts are created and sufficient fund is made available we could compete with bigger institution. Only if the

above demands are met we could be in a position to start PG centre in our campus and a reliable research unit also.

- We are making efforts to separate all three faculties in different blocks to retain and develop their own identities.

## Post Accreditation Initiatives

In the light of recommendations of the Peer Team which visited the college in 2006 following steps have been taken:-

The college made a road map for the development in the entire area for development of infrastructure and thereby upgrading quality teaching. Class rooms have been increased. Science laboratories have been upgraded and are up to the increasing needs of the students. Three new courses namely B.Com, Geography and Home Science have been started in the campus keeping in view the growing demands of the students and stakeholders. The university and the state government are in a way to fill up the existing teachers vacancies.

More numbers of books and journals have come to the college library which has been digitalized. Internet facility has been made available to it. A reading room for students has been provided and yet a bigger one under way of construction.

An Alumni Association is in a distance and the same has contributed to the development of the college. A Grievance Rederssal cell and a Women Cell are set in the college.

There is a Health Centre with a visiting doctor at the fixed time in the college. First Aid facility is available at all times. Since the visit of Peer Team all administrative work has been computerized. A canteen has been started for students and staff in the campus. A Boy's and Girl's common rooms are under way of construction. Fencing and grilling of the upper storey and the garden has been completed. A pond has been made for harvesting rain water in the campus.

Dharma Nand Shodh Peeth is marching ahead in the Research and the publication work.

Banking facility with ATM has been provided in the campus. As against 268 students during NAAC 2006, the institution has till date 833 students (Boys-514, Girls-319 ) in UG classes.

The overall academic ambience in the college is much better today.

*The quest for excellence is a continuous and never ending process?*

Subject: Re-numbering of Section 12-A of the Principal  
UGC Act, 1956 as Section 12-B w.e.f. 1st October,  
1984 - Regarding.

Sir,

I am directed to say that the University Grants  
Commission (Amendment) Act, 1984 has come into force w.e.f.  
1st October, 1984. This notification No. F. 12-2/84-Section 12  
dated 1st October, 1984 issued by the Ministry of Education  
& Culture, Govt. of India, published in the Gazette of India,  
Extraordinary (Part II, Section 3-Sub-Section (1)).  
Section 3 of the UGC (Amendment) Act 1984 provides that in the  
principal Act of 1956, Section 12-A is to be renumbered as  
Section 12-B. The effect of the U.G.C. (Amendment) Act, 1984  
would be that w.e.f. 1st October, 1984, Section 12-A of the  
Principal UGC Act, 1956 would read as Section 12-B, which  
would include the rules previously made under this section.

This notification is brought to the notice of the  
University for information and appropriate action.

It is requested that this may be brought to the notice  
of all the colleges/institutions within the jurisdiction of  
your University.

The UGC Act, 1956 (as modified upto 1st October, 1984)  
is being printed. A copy of the UGC Act, 1956 will be made  
available to the University in due course.

Yours faithfully,
